¹ An Internet subscriber is defined as a fixed service that has been installed and is operational at the customer premise, which includes dwelling units (households) or businesses.

² In Q1 2024, Bell removed 11,645 "turbo-hubs" subscribers from its high-speed Internet subscriber base as they no longer include the product in its wireless-to-the-home footprint.

³ In Q1 2024, Bell added 3,850 business subscribers to its high-speed Internet subscriber base as a result of a small acquisition.

⁴ Sasktel reports on a fiscal calendar beginning April 1, ending March 31

⁵ SaskTel and Vidéotron do not report net additions in their quarterly financial reports. Net additions for these carriers have been calculated by the Association.

⁶ Cogeco reports on a fiscal calendar beginning September 1, ending February 31
