¹ In Q1 2024, Bell adjusted its mobile phone postpaid subscriber to remove 105,802 very low to non-revenue generating business market subscribers.

² In January 2024, Rogers adjusted its prepaid mobile phone subscribers to remove 56,000 Fido prepaid subscribers as it stopped selling new plans for this service as of that date.

³ In January 2024, Rogers adjusted its postpaid mobile phone subscriber base to remove 110,000 Cityfone subscribers, as it stopped selling new plans for this service as of that date.

⁴ SaskTel reports on a fiscal calendar beginning April 1, 2021, ending March 31, 2022.

⁵ SaskTel, TELUS and Vidéotron do not breakdown prepaid and postpaid subscribers.

⁶ SaskTel does not report net additions in its quarterly financial reports. Net additions for this carrier have been calculated by the Association.

⁷ In Q1 2024, Telus reduced its mobile phone subscriber base by 283,000 to remove a subset of public services customers to provide a more meaningful reflection of the underlying performance of its mobile phone business. Telus also applied this adjustment to its final subscriber counts at the end of Q4 2023.

⁸ Total subscribers is not inclusive of 3,376,000 subscriptions reported by TELUS as M2M or connected devices in relation to the Internet of Things (IoT), and 2,886,871 subscriptions reported by Bell as mobile connected device subscribers, which include IoT units.
